<b>Allergens</b>	Contains sulphites.

### About

Les Vignerons de Florensac is a wine cooperative consisting of 89 growers, rich in ancestral knowledge working together to produce the best of each grape varietal in respect of the local environment and terrior. The terrior is home to one of the oldest planted vineyards in the region and benefits from the cooling breezes of the Mediterranean coast.

### Tasting Notes

This decadent wine is made with extra ripe picquepoul grapes and is bursting with stone fruit flavours. There is a light touch of oak and subtle creaminess which combines with honey aromas to give an interesting and atypical wine. The perfect partner for dinner parties!
